

# **Boyert's TOMATO VARIETIES - 2022**

**Indeterminate** – Pole or stake type. Tomato plants keep producing leaves and stems often until killed by frost. Tomatoes in all stages of development will be on the vine and harvest may last several months. These plants need tall stakes, trellis or wire cages.

**Determinate** – Bush type. Tomato plants have vines that grow little once fruit is set. All the fruit develops at about the same time. These plants can grow without support or with short stakes or cages.

## **Disease Tolerance**

**V – Verticillium**

**F – Fusarium Wilt Race 1**

**F1 & 2 - Fusarium Wilt Races 1 & 2**

**N – Nematodes**

**T – Tobacco Mosaic Virus**

## **New for 2022**
